FISHING INDUSTRY BEING EXPANDED

FIRMING INDUSTRY ENCOURAGED -- Trybuna Ludu, No 67, 9 Mar 49

During the las; 3 years definite progress has been made in the reconstruction and development of deep-sec fishing. In prever times, deep-ses fish catches amounted to 12,500 tons a year, and in 1948 the catches amounted to 43,200 tons, almost 4 times as much as in 1938.

Moneyor, demestic demands is still far from beings satisfied.

The Council of Ministers has issued new resolutions as incentives for the fishing industry. The most important of these resolutions is the bux reduction for independent fishermen. Another important factor is the issuance of premiums for increased catches. Fighermen using outmore will have justed to meet. If the catch is above quota, then there is a 10- to 50-percent reduction in tax. Small-coals fishermen with small bosts will be exempt from tax.

Fishermen in Szczecin Mojewodztwo and in Lebork Powiat will beseffit by 40-percent tax reduction.

haring 1949, 569 million rlotes will be invested in the fishing into many to develop the industry and to madernize fishing equipment.

MEN FIRTING BASE IN SWINDLISCIE -- Gezeta L'dova, No 47, 25 Fet 49

Construction workers will be housed in Warszow and Klinow. Repairs on the living quarters are already in progress, and the first three units will be ready in a few months.

In addition to port installations, the base will be equipped to handle the processing of fish or its preparations for inland chipping. The fish will be cleaned and boned and the scraps and bones salvaged,

Special tameries will be put into operation in the locality to process the sking of hake, flounder, and other varieties. These skins are to be used to mamfacture belts, handbags, portfolios, etc.

The first stage of construction, one than and the cold storage plant, will be completed in 1950.
